CORE CAPABILITIES

- **EPC FOR OIL & GAS, MARINE & SHIPPING INDUSTRIES AND NUCLEAR ENERGY**
- **DESIGN AND ENGINEERING FOR OIL & GAS, MARINE & SHIPPING AND NUCLEAR ENERGY**
- **TURNKEY PROJECTS**
- **CIVIL & MECHANICAL**
- **END-TO-END SOLUTIONS**
- **STORAGE TANKS & TERMINALS**
- **REFINERY WORKS**
- **LPG, PROPANE & BUTANE STORAGE**
- **CRYOGENIC TANKS, PRESSURE VESSELS,**
- **HEAT EXCHANGERS, DISTILLATION COLUMNS**
- **OIL JETTY & MARINE FACILITIES**

Mahathi Infra Services Pvt. Ltd.
**Driving progress through
Engineering Excellence**

At Mahathi, our team of experienced engineers guide you at every stage of design and construction, working closely with you to create structures that conform to global standards, while meeting your specific requirements. Our design team, committed to understanding your needs, delivers robust and cost-effective designs tailored to your unique project. We conduct a thorough analysis to ensure your project is durable and distinctive.

Engineering, Procurement and Construction (EPC SERVICES)

Mahathi Infra Services Pvt. Ltd. is dedicated to excellence in Engineering, Procurement, Construction (EPC) services across diverse industries. Our top-notch EPC services for the oil & gas industry help contribute to global economic stability, amidst unpredictable oil and chemical prices. We take pride in delivering complete turnkey solutions. Our expertise also extends to storage and logistics infrastructure. Over the last decade, Mahathi Infra has successfully executed numerous projects setting up oil & gas infrastructure in India and Africa, earning a strong reputation as a reliable and expert industry partner.

- OIL & GAS PROJECTS
- PETROLEUM STORAGE TANKS
- LPG PLANTS & INSTALLATIONS,
- LPG MOUNDED STORAGE BULLETS
- REFINERY
- PACKAGE COMPOSITE WORK
- CDU, VDU
- CROSS-COUNTRY PIPELINES
- STORAGE TERMINALS & DEPOTS
- STEEL STRUCTURES
- ELECTRICAL SYSTEMS
- INSTRUMENTATION
- FIRE-FIGHTING SYSTEMS
- CIVIL & STRUCTURAL
- ENERGY & POWER

Manufacturing Division

Mahathi Infra Services is dedicated to maintaining highest standards of manufacturing excellence, evident in our state-of-the-art manufacturing unit located at Choutuppal in Hyderabad. The facility spanning 30,000 square meters, equipped with the latest machinery and technology, is approved by ASME U, S, PP, and R stamps, and is registered with BHEL, Hyderabad. Mahathi Infra utilises this advanced facility to produce a diverse range of high-quality products, meeting our customers' needs.

- BOILERS
- BOILER COMPONENTS
- PRESSURE VESSELS
- SHELL & TUBE HEAT EXCHANGERS
- AIR COOLED CONDENSERS & SURFACE CONDENSERS
- THERMAL OIL HEATERS
- HOT AIR GENERATORS
- STORAGE TANKS
- PROCESS REACTORS
- DISTILLATION COLUMNS

EPC For Marine Works

- DESIGN AND ENGINEERING OF MARINE JETTY
- CONCEPTION OF MARINE JETTY AND PORTS
- CONSTRUCTION OF MARINE JETTY AND PORTS
- CONSTRUCTION OF ALTERNATE MARINE WORKS

EPC For Shipping

DESIGN AND ENGINEERING OF OIL BARGES

CONSTRUCTION OF SELF-PROPELLED BARGES AND TANKERS

CONSTRUCTION AS PER INDIAN REGISTRY OF SHIPPING

EPC For Nuclear Energy

NUCLEAR ENGINEERING

CONSTRUCTION IN NUCLEAR POWER PLANTS

Under the flagship of Mahathi Infra Services Private Limited (MISPL), other companies in the group are:

Mahathi Storage Terminal Private Limited (MSTPL)

MSTPL specialises in robust oil storage and efficient distribution operations. The company has established two oil and chemical terminals at Kakinada Port, which serve as important hubs for the storage and distribution of petroleum products and chemicals. Designed with highest standards of safety, efficiency, and environmental sustainability, these terminals with a combined storage capacity of 53,000 KL, are equipped with state-of-the-art technology, including automated loading and unloading systems, tank gauging and monitoring systems, fire detection and suppression systems and other safety and security features.

Mahathi Infra Uganda Limited

 **mahathi**
Infra Services Pvt. Ltd.

Mahathi Infra Uganda Limited has established a highly efficient and robust petroleum transportation network along the vast expanse of Lake Victoria. Our dedicated team has worked tirelessly to ensure safety, cost-effectiveness and reliability, in seamless transportation of petroleum-based products to Uganda and neighbouring states. The transportation network adheres to industry standards and features state-of-the-art infrastructure, advanced technology, and strict safety protocols. The stringent quality control measures ensure that the products transported are of the highest

quality, while our team of expert technicians are always ready to address any technical issues. We prioritise sustainability by implementing eco-friendly practices in our transportation network to minimize environment impact. The petroleum transportation network project along Lake Victoria, reflects our commitment to delivering cost-effective and reliable services to our clients. We take pride in our achievements and continue to strive for excellence in all our endeavors.

AGR Petro Ventures (P) Limited (APVL)

Since 2012, APVL has been proudly representing the reputed company M/S HMT Tanks, USA, as an authorized distributor and installer of their superior aboveground storage tank products. Our commitment ensures top quality and reliability for our clients in India, Sri Lanka, and Bangladesh. HMT products are globally recognised and trusted by major players in the oil industry. We take pride in being associated with this well-established brand. Our skilled team guarantees smooth execution, making us the preferred choice for industry giants such as Indian Oil Corporation (IOC), Bharat Petroleum Corporation (BPC), Hindustan Petroleum Corporation (HPC) and Reliance Industries.
